He discussed the grant cycle and compared the first year's budget to the proposed budget for FY21. He explained that we are currently doing a renewal for current grantees. He explained the process and the need to do renewals for Year 2 and Year 3, rather than making it a competitive process each year. He showed trends over the last decade in revenue generated from the tax on liquor sales. He said that he anticipated a slight increase to the FY21 budget over FY20. He recommended that all grantees be renewed. He also asked to increase the discretionary fund by an additional \$100,000 to assist community organizations in light of COVID-19. He stressed that it does not mean that we will spend the money, it just allows us the ability to have it there in the instance that it is needed.

E. Subgrantees Update

Leona Morales, Governor's Office of Youth, Faith and Family

Dr. Bryan Harris introduced **Ms. Leona Morales** who gave an update on the Grantees and Collegiate Recovery Programs. **Ms. Leona Morales** was impressed with the work of the Grantees and their abilities to transition their face-to-face programming to virtual environments due to COVID-19 restrictions. She said that she met with grantees on March 20, along with the Governor's Office Accounting Team and evaluators from Wellington Consulting Group. The check-in was to let the grantees know that their programs would continue to receive support from GOYFF and our partners. Following that meeting, several grantees took advantage of 1:1 technical assistance sessions with **Ms. Morales** to help with their program transitions. A follow-up to grantees was sent out

via email 11 days later on March 31 to ensure that the grantees' needs were being met and programs were continuing. Out of the 27 grantees, 26 maintained programming since the onslaught of COVID-19 in mid-March. The only program to request a "pause" in programming was Pima County Health Department. **Ms. Leona Morales** said the request was initiated by the Program Manager, Mark Person, in early-April. She added that it was not a directive made by GOYFF. Since then, she said she has been in contact with the grantee and they have already submitted their renewal application for FY21 and plan to resume programming soon. She highlighted the work of several grantees, including Serenity First, PPEP, Campesinos Sin Fronteras, MATFORCE, and Constructing Circles

of Peace. Earlier this year, she also conducted two successful site visits at ICAN and Terros Health.

- **Ms. Laura Ciscomani** asked if the Pima County Board of Supervisors was made aware of the Parents Commission programming being paused by county staff. She added that she is willing to reach out to her contacts there for a discussion.
- **Ms. Leona Morales** said she was not in contact with the Board of Supervisors about the request. She offered to connect **Ms. Laura Ciscomani** with the Pima County Health staff to discuss the circumstances leading up to the request.

F. ANNOUNCEMENTS

- **Ms. Kristine FireThunder** updated the commission in regards to the new Code Talker seal design competition.
