● Mr. Eric Meaux seconded the motion at 10:07 a.m. The motion passed with no dissenting votes.

High Intensity Drug Trafficking Areas (HIDTA)

● Chairperson Cox welcomed and introduced Mr. Kim Jensen, Threat Assessment Coordinator. Mr. Jensen thanked the Commission for the invitation to present.

● Arizona HIDTA coordinates and supports the efforts of 620 full-time and 177 part-time participants from 71 agencies. 25 Initiatives (task forces) are located in the nine HIDTA designated counties.

● HIDTA identified the top five drug threats in Arizona in 2020 were:
   • Methamphetamine (1), Fentanyl (2), Marijuana (THC Derivatives) (3), Heroin (4), and Cocaine (5). Fentanyl had the most marked increase in use and overdose in the use of “M30s” (pill form) of the drug in 2020.

● HIDTA monitors the prices of drugs every 90 days to gain information about the distribution and prices in different areas of Arizona.

● This is the first time in ten years that HIDTA had seen an increase in methamphetamine cost. Mr. Jensen shared COVID-19 pandemic could be a contributing factor to what is driving the increased cost due to the impact on the transport and supply of the drug.

● HIDTA utilizes a fusion center concept model utilized by Arizona HIDTA and Counter Narcotics Alliance (CAN) to ensure that agencies are connected and co-located to work cases with a thorough and comprehensive approach.

● Chairperson Cox thanked Mr. Jensen and asked if there were any questions for the presenter. There were not any questions from the commissioners.

● Chairperson Cox asked Mr. Jensen why HIDTA was not located in all Arizona counties. Mr. Jensen stated that there is a HIDTA initiative located in nine Arizona counties, sharing that some counties are hesitant to participate in the HIDTA initiative; however, HIDTA still works closely with these agencies.

● Chairperson Cox asked Mr. Jensen how Proposition 207 and legalization of the recreational use of marijuana would affect HIDTA’s work. Mr. Jensen stated that HIDTA is working closely with the Prosecutor’s Office in each county to see how each county is addressing the issue independently and then how it will be addressed at the state level.

● Chairperson Cox stated that he has seen how Proposition 207 is already impacting Maricopa County and recognizes that addressing the impact of Proposition 207 is not a one-size-fits-all solution.

● Chairperson Cox thanked Mr. Jensen for his presentation.
