Statewide Pathway to Resources

Family Resource Centers are community-based resource hubs with a primary focus on helping families access formal and informal supports to promote their overall health and well-being.

Purpose: To Create a Centralized Coordination of FRCs

- Collect data on service utilization to identify areas of need
- Create infrastructure (website) for centralized coordination and referral
 - Connect families and providers to website
- Offer professional development opportunities to FRCs
 - Create/braided funding streams to support FRCs
 - Funnel family resources through FRC network
 - Reduce overreliance on DCS
 - Identify what is needed and where

'Considering Yourself a Mandated Supporter' Training of Trainers

- In collaboration with Prevent Child Abuse Arizona, this training is designed to equip educators to better support families and help reduce family overwhelm, ultimately protecting children from maltreatment. Through this training, educators will examine how they can protect children from adversity by considering themselves not just mandated reporters, but mandated supporters. This training is rooted in the Strengthening Families Protective Factors Framework.
 - The 1st TOT was held in May 2023 : Community Leaders, Social Workers and Parents with Lived Experience were trained to facilitate additional trainings
 - The goal is to participate in the Professional Development Days with Department of Education
 - Each trainer will receive a stipend to conduct one school training
